FBMI HOME OFFICE NEWS

The FBMI Home Office has had a very busy and encouraging summer. Each week, many hours are invested in administrative responsibilities such as **processing missionary support, communicating with missionaries and their supporting pastors, conducting new missionary interviews, and planning the next semester of training** through Trinity Baptist Seminary in various countries. These are truly exciting days, filled with opportunities to serve. **Please pray for God's wisdom and provision in every area of our ministry.**

This summer, our Leadership Team will have served in **six countries!** Trinity Baptist Seminary hosted and participated in **Graduation Ceremonies in the USA, Mexico, Colombia, the Philippines, and Singapore.** God is doing amazing things through TBS students around the world. Please continue to pray for this vital training ministry, which **strengthens the local church to fulfill the Great Commission.** All the ministries of FBMI are closely connected to our Home Office in Mercedes, Texas. Every area of FBMI has grown significantly over the past four years. With that growth, **our financial needs have also increased.** We are currently in need of **additional monthly support** to help our office function more effectively as we assist in **church planting through local churches across 29 countries.**

PRAYER REQUESTS:

1. **Roof Leak** – This major repair is not covered by insurance, and commercial roof repairs are very costly. **Please pray for wisdom and provision.**
2. **AC Unit** – Our current 10-ton unit is 23 years old and uses a type of Freon that is no longer available. The unit is no longer serviceable. **We are considering replacing it with two 5-ton units for better efficiency.** Pray for clear direction and provision.
3. **Leadership Conferences** – We have several **open doors to host Leadership Conferences** in various countries. The cost of international travel is significant, but these conferences are **vital opportunities to mentor pastors and missionaries and mobilize new church plants.** Pray for God's help to take advantage of these opportunities.

Thank you for your continued prayers and support! Together, we are impacting the world for Christ.

For His Glory,
FBMI Team
